

Delegation of Authority Policy

Our Commitment

Surf Life Saving NT must have highly effective business management practices that are consistently applied, including the application of financial processes to ensure the sound financial management of the business.

Our Aims and Objectives

This policy is designed to clearly set out authorities that have been delegated to managers of SLSNT by the Board, and to provide clear guidelines around the approval of expenditure and other commitments made by SLSNT. In particular, the policy will advise all employees of the:

- Minimum approvals required in conducting the business of SLSNT;
- Limits of authority under which employees can approve actions and transactions; and
- Decisions which can only be made by the Board

SCOPE

This Delegation of Authority (DoA) policy applies to all expenditure and to all commitments made on behalf of SLSNT, both financial and non-financial. It applies to all persons conducting financial or other business on behalf of SLSSA, including purchasing and expenditure approval.

This document is the formal delegation instrument made by Board on the date on which it was approved.

Specific delegations and/or approval limits are set in the following areas:

- General (budgeted expenditure) approval limits
- Unbudgeted approval limits
- Commercial approvals:
 - o payroll/HR
 - o travel
 - o insurance
 - o legal
 - o debtor write offs
- Contract approvals
- Capital expenditure approvals and disposals

PRINCIPLES

- No employee of SLSNT may make a binding commitment on behalf of SLSNT unless they have explicit delegated authority to do so by the Board, or by the CEO.
- DoA approval limits are to be assigned to ensure the most efficient business practice and processes.
- DoA approval limits are to be assigned based on employee role and responsibilities, rather than being granted solely based upon seniority or hierarchical structure.
- DoA approval limits are to be based on typical spending responsibilities associated with the role, not occasional spending responsibilities.
- An approval escalation must be applied to expenditure that has not been included in the approved annual budget.
- The approval of any expenditure reimbursement must be from someone with greater authority than the person submitting the expenditure.
- Expenditure that is directly recovered from Clubs, customers and third parties is excluded from the provisions of this policy.

APPLICATION

- The SLSNT Board is responsible for delegating authority to purchase, to certain employees of SLSNT.
- Employees who have the appropriate skills and experience may be granted the delegated authority, to an approval limit, to commit SLSNT to expenses, contracts, credit limits and other commercial agreements.
- Employees that have been allocated a DoA approval limit will be advised of the approval limit responsibility.
- Where the policy specifies a delegate, the position to whom that person reports also has that DoA.
- Unless as otherwise stated in this Policy, an employee who is appointed to act in the place of a delegate assumes the responsibility and DoA of that delegate.

Responsibilities of employees with delegated authority

Employees who have been allocated an Approval Limit will be responsible for adhering to the following guidelines in relation to DoA Approval Limits:

- Delegates may only approve expenditure that has been included in the annual budget and complies with SLSNT's policies and guidelines.
- Delegates may only approve transactions in respect of their own area of responsibility
- No delegate is authorised to approve expenditure that is incurred for their own benefit (eg the delegate's Corporate Credit Card, or Employee Reimbursement Claims). In this regard the expenditure must be approved by the delegate's Line Manager (or a delegate that is higher than them on the approval hierarchy).
- Delegates may not approve expenditure where a transaction has been split across more than one account for the express purpose of gaining a lower level of approval and/or avoiding DoA.

- A limited DoA may be provided for a specific role where a person is in an acting capacity. Where the full authority pertaining to the role is not delegated, the manager to whom the person reports in their acting capacity should clearly establish for the person in an acting capacity the delegated authority that applies and does not apply.

Board Authority and Approvals

The SLSNT Board has unlimited delegation within the constraints of this policy, the Constitution, relevant legislation and legally binding contracts.

General Delegation of Authority Approval Limits - Operating Expenditure

General DoA Approval Limits govern day-to-day operational expenditure. Table 1 below outlines the levels and limits of approval which apply.

Note: Unbudgeted Expenditure (ie that which has not been submitted to Board for approval as part of the annual budget process) is subject to different approval limits.

	Budgeted	Unbudgeted	Role
A5	>\$200k	>\$50k	Board
A4	\$200k	\$50k	CEO
A2	\$25k	\$2.5k	Department Managers
A1	\$1k	NA	Staff not expressly listed

General Delegation of Authority Approval Limits - Capital Expenditure

Capital project approvals and approval of associated expenditure must be undertaken in accordance with SLSNT’s Capital and Fixed Asset Policy.

Whilst a capital expenditure program is approved by the Board during the annual budgeting process, it is still a requirement to complete a Capital Expenditure Request Form and seek formal approval, prior to project commencement.

Table 2 below outlines the levels and limits of approval which apply to both capex purchases and disposals.

	Budgeted	Unbudgeted	Role
X5	>\$200k	>\$50k	Board
X4	\$200k	\$50k	CEO
X2	\$25k	\$2.5k	Department Managers
X1	\$1k	NA	Staff not expressly listed
